

December 2025

The BMC 2025 show season has concluded, we're into the holiday season and already planning the BMC 2026 show season. We had a great 2025 so to all BMC members, show sponsors, officers & directors; thank you.

The October show was our 2 day event which brings the show season to a close. Entries were solid, more sand was added to maintain our signature good ground and cattle were brought in off of pasture for our 2 day event. While we had some rain come thru, it didn't affect the show and it helped retain moisture in the sand.

BMC thanks the Circuit Award Sponsors for the October shows; Steve & Nicalee Smith, Paul & Heidi Wittig and Ron & Tina Schumacher. Our sponsors have been fabulous this season.

As has been customary, the annual BMC Bridleless class did not disappoint. This year the club sponsored the event by paying the cattle fees for entrants. Winning the buckle & a set of reins this year was Greg Jones riding Crash Dummy.

Saturday night was the annual & very casual pizza social sponsored by BMC. Great way to unwind after a busy day. Thank you Ginger Taylor for making this happen.

Sunday saw the presentation of the Top One buckle sponsored by Janie Larsen & presented to Mark Music for his first place achievements throughout the season.

Lastly, BMC wants to thank members for their continued support which makes this club one of the longest lasting cutting clubs in the Northwest. That kind of longevity is the result of doing something right.

Merry Christmas to all and see you in 2026.
